

Why choose Premium hoses

For Design

- Modern and elegant design, with **2 colors of braiding** and many fitting options.
- The Premium range of valves and flexible hoses are **designed and produced by Tucai** to guarantee a perfect fit and combination.
- They fit perfectly with the **latest design trends** for bathrooms and kitchens.

For Quick & easy installation

- **No tools required**, and its extreme flexibility allows installation even in the smallest spaces.
- **Universal**, allowing its installation for both **hot & cold water connections**.
- Light weight and easy to clean.

For Durability

- **Internally tested by the R&D team** to ensure optimal functionality.
- Completely **anti-leak and zero maintenance**.
- **Anti-corrosion & hygienic coating** that ensures its aesthetics in areas with high concentration of salt and humid environments.

For Sustainability

- Made with **recyclable materials** and respectful of the environment
- Its manufacturing has a **22% less carbon footprint** vs EPDM.
- **Recyclable cardboard packaging**.
- REACH & ROHS approved.

For Material quality

- **PE-RT inner-liner:** antibacterial, freeze (-20°C), chlorine & chloramine resistant, which make them optimal for drinking water (4MS/UBA).
- **Anti-corrosion polymeric braiding**, which provides extreme **flexibility** and prevents kinking, with a flow rate of 28 l/min 3 bar and resistant to ultraviolet rays.
- **Integrated nut & sleeve cover** with anticorrosive & hygienic barrier:
 - Abrasion resistant.
 - Electrostatic powder paint: Black White.
 - Electrolytic bath: Other finishes.

White braiding

Black braiding

Materials:

A European Brass

C Polymer ACB

B PE-RT

D European Brass

Technical specifications:

	Inlet diameter	8 mm
	Outlet diameter	13,5 mm
	Bending radius	18 mm
	Flow	28 l/min @3 bar
	Working pressure (max)	10 Bar, 100 Bar
	Working temperature (max)	90°C

Fittings available:

Female-Female

3/8" x 3/8"
1/2" x 1/2"

3/8"-3/8" F-F
